

Ayurvedic Pet Care Range

Natural · Safe · Effective Solutions
for Dogs & Cats

Our Ayurvedic pet care formulations are developed to support skin health, immunity, digestion, behaviour, and overall wellbeing of pets. Made with time-tested herbal ingredients, these products are suitable for third-party manufacturing and private labelling.

1. Eczema Pet Cream

Ayurvedic Skin Infection Relief for Dogs & Cats

Eczema Pet Cream is a powerful Ayurvedic formulation designed to heal and protect your pet's skin from infections. It provides fast relief from itching and irritation while targeting the root cause of bacterial and fungal skin problems such as Eczema, Ringworm, Mange, Dermatitis, and Degnala.

With strong antibacterial, antifungal, and soothing properties, the cream promotes speedy skin recovery and visible relief within 24 hours.

Key Features :

- Heals and relieves skin infections
- Soothes itching and irritated skin
- Effective in eczema, dermatitis, ringworm, and similar infections
- Supports fast skin recovery

2. Tick Free Spray

Tick and Flea Repelling Ayurvedic Spray

Tick Free Spray is a natural Ayurvedic spray that helps eliminate ticks and fleas from your pet's skin and prevents their recurrence. It also relieves irritation, itching, rashes, redness, and skin infections caused by tick bites.

Simply spray directly on the tick and remove using a tick comb within 5 minutes.

Key Features :

- Helps remove ticks and fleas effectively
- Relieves discomfort and infestation
- Provides lasting protection from ticks
- Safe for regular use

3. Calm Pet

Natural Anti-Anxiety Tablets for Pets

Calm Pet tablets are formulated to manage anxiety, stress, and behavioural issues in dogs caused by loud noises, thunderstorms, separation, travel, or illness. The herbal formulation helps calm the nervous system, improve sleep, and promote balanced behaviour.

It keeps pets relaxed, comfortable, and emotionally stable during stressful situations.

Key Features :

- Stress-relieving and anti-anxiety support
- Improves sleep by reducing restlessness and fear
- Acts as a natural mood enhancer and behaviour modifier
- Comforting during thunderstorms and loud environments
- Helps prevent excessive barking and destructive habits

4. Digestion Syrup

Natural Digestive Support for Dogs & Cats

Digestion Syrup is a 100 percent natural Ayurvedic formulation developed to support gastrointestinal health in pets. It helps relieve common digestive issues such as upset stomach, vomiting, diarrhoea, gas, and indigestion.

By improving enzyme secretion and balancing Vata and Kapha, it ensures smoother digestion and better nutrient absorption.

Key Features :

- Supports enzyme secretion
- Maintains Vata-Kapha balance
- Improves gastrointestinal health
- Soothes the digestive tract
- Relieves vomiting and diarrhoea

5. Fever Syrup

Natural Fever Management for Dogs & Cats

Fever syrup is an Ayurvedic fever remedy that targets the root cause of fever while strengthening your pet's immune system. It helps control fever, body pain, cough, and cold, while also supporting platelet levels and preventing recurring infections.

Ideal for viral and bacterial fevers, it promotes faster recovery and overall vitality.

Key Features :

- Controls fever, cough, cold, and body pain
- Maintains healthy body temperature
- Improves immunity and increases platelets
- Helps prevent recurring infections

6. Wound Healing Cream

Ayurvedic Wound Healing Cream for Pets

Ayurvedic wound-healing cream designed to protect pets from microbial infections in cuts, burns, and open wounds. It accelerates the natural healing process while offering quick pain relief.

With antiseptic, antimicrobial, antifungal, anti-inflammatory, and astringent properties, it ensures safe and effective wound care.

Key Features :

- Antimicrobial wound healer
- Reduces risk of infection
- Prevents microbial buildup
- Suitable for cuts, burns, and wounds
